ULTRABOARD™

CLASSIC PEEL N' STICK

A premium pressure sensitive foam core mounting board designed for commercial photography development lab mounting applications. Featuring a high-density foam core with very smooth .030" thick styrene liners, making it one of the most smooth and rigid mounting boards on the market.

Peel N' Stick high tack adhesive on one side with a white liner that provides a color neutral mounting surface.

UltraBoard Classic Peel N' Stick Specifications

Thickness	3/16", 1/2", Custom Sizes
Size	8" x 10", 10" x 10", 12" x 12", 11" x 14", 12" x 18", 16" x 20", 20" x 24", 20" x 30", 24" x 30", 24" x 36", 30" x 40", 32" x 40", 40" x 60", 48" x 96", Custom Sizes
Color	White, Black
Compatibility	Pressure Sensitive Mounting
Durability	10 Years
Price	\$\$\$
Application	Interior

Dimensional Material Tolerances

Length & Width	+ – 1/16"
Diagonal Squareness	[1/8"]
Straightness	[1/16"] Linear Adjacent Corner
Thickness	+ – 0.030"

Panel Size & Carton Quantities

UB OUR PRODUCTS

The industry favorite. Our most popular and versatile substrate featuring a styrene foam core and facers.

Our most rigid, high density and 100% recyclable polystyrene foam board. It's perfect for applications requiring durable prints.

Priced to beat the competition. It's one of the most cost-effective foam core substrates available on the market.

Ideal for digital prints with a styrene foam core faced on both sides by ultra white poly coated Kraft paper.

The show-stopper of foam core mounting boards used for art, print and photographic mount applications.

3/16" foam with 12 pt. white clay coated papers. Cost-effective and ideal for temporary applications.

The most rigid foam core panel available. A 1mm PVC facer alternative to cheaper materials like plywood.

A light-weight Anodized Aluminum facer is a cost effective solid-metal alternative. The appeal of metal with the advantages of foam.

Gallery-ready mount board featuring a high-tack acrylic adhesive pre-coating on one side and a black or white edge banded finish.

Utilized by commercial development labs for its very smooth .030" thick styrene liners with Peel N' Stick high tack adhesive on one side.

Features a heavy and dense styrene foam core between 18 pt. polyethylene coated paper liners with Peel N' Stick high tack adhesive on one side.

Unmatched HIPS quality & consistency; as well as improved logistic services to our distribution centers nationwide. Perfect for window signs & banners.
