Looking to match your retail brand colors in a large volume application? We can customize any thickness of our UltraBoard Classic™ board to match your exact project needs. Here's what you'll need to know:

UltraBoard Classic™ White/Custom/White

UltraBoard Classic™ Black/Custom/Black

UltraBoard Classic™ Custom/White/Custom

UltraBoard Classic™ Custom/Black/Custom

UltraBoard Classic™ Custom/Custom/Custom

Our Color Match Process*

PLANNING & QUOTING
Reach out to us or your local distributor to provide all the details of your custom color quote request. There are a variety of custom combinations for your unique needs.

COLOR MATCH & TESTING
We'll custom match to your specified color, tone and shade to create your test master-batch profile.

FINAL PRODUCTION
Your final order will be completed and shipped to it's next production facility to be printed, cut and formed into your final in-store signage elements.

PANTONE®
7620 C

In-House Color Options*

LOW MINIMUM ORDER COLORS
We offer in-house Red, Blue, and Tan color options in as low as single case orders. For samples and more info on our latest color offerings contact us at info@ultraboard.com.

Custom Colors & Recycling

AN ENVIRONMENTAL PLUS
Unlike traditional painted edge boards with no recycling options, UltraBoard Classic Custom Colors are 100% recyclable making them perfect for eco-concience end users.
